For this reason, the Coach meets teachers on Fridays to discuss lessons taught during the course of the week. ### JOKES AND CREATIVITY

Two young boys were on their way to school one early morning. Along the way, they've stopped to watch a bird flying. After that scene, one boy said "Look the moon is rising". The other boy disagreed and he also said it was the sun. They continued the argument until they met a well dressed gentleman who worsened the case the more. After greeting the man, they quickly asked whether it was the moon or the sun. The gentleman softly said "Boys I do not know because I am not from this village". He told them to look for someone who lived in that village for clarity of doubt.
