Oguaa S.D.A School sees a face lift

Since the inception of Oguaa S.D.A primary school in the early 50s, there has not been any proper nursery block to house the nursery and KG pupils

The idea of putting up a KG and nursery block started in 2001 and by the support of the community, District Assembly and the Member of Parliament, the building is nearing completion.

Stakeholders have projected commissioning it next academic year and it's highly expected to add so much value to existing ones.

Again, they believe it's going to appeal to more parents to enroll their wards in the school and most importantly aid nursery and KG teachers teach at ease and be free from rainfall, theft and other problems they face each day.

Nursery & KG Block Under Construction

Oguaa SDA Pupils make strides in literacy skills acquisition

*Isaac Boama
Overall best pupil.*

Several pupils of the school have been monitored by school authorities to find out how they are responding to the Ghana Reads programme. Pupils were checked on attendance, academic performance, in general and their ability to speak the English language with both teachers and peers. It came as a pleasant surprise to all and sundry as many pupils exhibited their skills and proved to be punctual to school. Pupils who excelled were presented with textbooks, pens, pencils and erasers during worship on Wednesday. The presentations were done by the JHS head teacher and primary head teacher to the deserving pupils. The heads assured pupils that more of such will follow and also challenged those who did not get awards to work harder for the next acknowledgements awards.

What Ghana Reads Has Done For Me

Hear it from the pupils' own mouth

Christopher Adu , *Class Three*

Thank you Ghana Reads. Ghana Reads brought me tablets. They help me learn on my own

Sarfo Barcilia, *Class Three*

They've helped me to come to school always. They gave my school awards

Boateng Beatrice, *Class four*

Ghana Reads bought my school laptops and tablets. These materials help and make learning easy for me. It has improved my learning.

Erica Boateng, *Class Four*

Because of Ghana Reads, my picture appeared on the school's newsletter. The computer and the projector is used to teach us hymns every Wednesday at worship times

Kodua Michael *Class five*

Ghana Reads gave me a platform to be a participant in a quiz for the first time in my life. The tablets also helped me to know how to even teach my father how to operate his phone. Finally, they give me a reason to come to school.

Ajeinim Boateng *Class five*

Ghana Reads were the first to introduce a tablet to me- I've never seen or heard of a tablet in my life before. They also give training to my teachers. That also aids them to teach us better.

Monica Adjei *Class six*

But for Ghana Reads, I don't miss silent hours again. This is because tablets are given to us to learn with always in class. They make my learning very easy

Evans Kwakye, *Class Six*

Mr. Oyata used to teach us every evening with the tablets and projector and that improved my reading skills and also saved me from wasting my precious time in the evenings. And as a result, learning in the evening has now become my habit and I'm begging Mr. Oyata to start that again.
